

[How to Join a Virtual Meeting from SPX Website Meeting Schedule](#)

Due to the Covid-19 pandemic, we have not been able to meet at our St. Pius X Church. However, with the technology of today and with practice and support, we can join and have virtual meetings . . . and still learn, discuss, and ponder how to grow closer to Jesus Christ.

If you are going to use a smart phone or tablet, you would want to download the Google Hangout Meet app prior to the starting the meeting.

Go to the St. Pius X website and click on the **“Room Scheduler Calendar”** or open the **meeting invitation** that was sent you for a particular meeting.

How to access **“Room Scheduler Calendar.”**

Go to the St. Pius X, Appleton, WI website . . . ” <https://www.stpiusappleton.org/>”

Scroll down to the **“Room Scheduler Link”** . . . (see red oval).

12pm							
1pm							
2pm							
3pm							
4pm							

Events shown in time zone: Central Time - Chicago

Google Calendar

Click on the meeting event and the pop-up shown below come up . . . click on “more details.”

Click on the blue “Join Hangouts Meet” (shown with red oval). If you want to join only by phone, call the number under the “Join by Phone.”

If you have the **Hangout Meet App** on your computer, tablet or phone, **click on the “join the meeting” button** (shown in red oval). You may see your picture, but you need to click the “join the meeting” button in order to join into the video conference.

Some common areas for troubleshooting:

Problem: If working **from a Macbook, you will either need the Google Meet app or you will need to download the Chrome, Firefox or Edge browser** to create a meeting or enter a meeting link.

Solution: Download the preferred browser from the suggestion window.

Problem: I have a computer that I can only plug in either headphones or microphone. I cannot do both at the same time. Therefore, I could not use the headphones.

Solution: I had to dial in at the number given on the calendar. I also had to turn off my computer volume on my keyboard due to feedback, and go to settings and turn off the computer volume:

Settings
Systems
Sound
Input devices
Disable

Another solution: If you have a bluetooth device, then use that to hear and talk.

Problem: If you do not have audio through your computer.

Solution: Call in using the "Join by Phone" option.

Problem: When using a computer, you may have difficulty connecting a speaker where everyone can hear you.

Solution: You may need to get a headset with headphones and a microphone.

If you have any questions, please contact Deacon Bob at deacon2@stpiusappleton.com or (920) 733-0575 and click extension for Deacon Bob (ext. 327).
